

FIFO Fostering Application

Our beautiful K9 baby Milly sadly lost her short battle with cancer. Thankfully for her, she had two amazing FIFO foster carer's who spoilt her rotten during their time back at home. Because of this Milly spent her remaining time earth side in a loving home where she got to live life to the fullest.

We are making it our mission (on behalf of Milly) to create a large FIFO foster base to help our kennel dogs get time in a loving home and to have a sense of normality. If you are interested in fostering one of the dogs from our website please contact us. The more time they get out of the kennels, the better their quality of life is. It is also incredibly rewarding being able to help dogs in need.
